Mirpur, Dhaka, Bangladesh

About Me

I am a passionate learner, eager to apply my knowledge and gain practical experience. I am dedicated to contributing meaningfully to any team, always seeking opportunities for personal and professional development while aiming to expand my skills and make a positive impact.

Education

Institute of Information Technology, Jahangirnagar University, Feb 2019 – Sept 2024
B.Sc. in Information and Communication Technology

- **CGPA:** 3.76 out of 4.00
- **Courses:** Data Structures and Algorithm, Database Management System, Operating Systems, Theory of Computing, Machine Learning, Computer Networking

Projects

Summary of projects completed throughout the B.Sc. degree program:

Skin Lesion Classification and Segmentation 2023-2024

- Conducted a research project focused on classifying and segmenting skin lesions using advanced deep-learning techniques
- Tools Used: Python, Keras, OpenCV, Scikit-learn

E-Commerce Platform 2023

- Created a platform where university students can buy and resell products within the campus community
- Tools Used: HTML, CSS, Bootstrap, Javascript, PHP

Class Routine Management System 2023

- Created a design for a platform that organizes all aspects of routine creation of any department, including course details, time slots, and faculty assignments
- Tools Used: Figma

Rainfall and Temperature Forecasting using Machine Learning 2023

- Developed a temperature and rainfall prediction model using various techniques such as linear regression, polynomial regression, sliding window correlation, and artificial neural networks
- Tools Used: Python, Pandas, Numpy

Automated Library Management System 2023

- Implemented a QR code scanning system to automate book tracking and lending, reducing errors associated with manual data entry, and providing real-time updates on book availability
- Tools Used: Arduino Plus, ESP32-CAM WiFi + Bluetooth Module

Technical Skills

Programming Languages: Python, C, C++, Java, JavaScript, PHP

Libraries: Pandas, OpenCV

Databases: MySQL

Other Tools: MS Office Suite, Figma

Extracurricular Activities

Programming Instructor, CodexPro Bangladesh Oct 2022 – Jul 2023

- Taught **Scratch** and **Python** programming languages to students aged 7 to 17, fostering foundational programming skills and logical thinking
- Guided students in designing and completing real-world projects such as games, animations, and simple applications
- Monitored student progress and provided constructive feedback to ensure continuous improvement in their programming abilities

Treasurer, IEEE WIE, Jahangirnagar University Apr 2022 – Apr 2023

- Collaborated with the team to plan and execute various programs, including technical workshops, seminars, and networking events
